1. A diversionary airfield is located west of the Breclav-Brno railroad line and of the Breclav-Podonin road, along the Bazantnice game park. The field is covered with turf and has an area of 900 m by 600 m. The field is not used regularly and has no hangars. There is a meteorological station and an SNB guard unit from Breclav. The SNB is connected with the Breclav headquarters by telephone. During the day the field is guarded by one SNB man armed with a light machinegun and a duty pistol; at night two men are on duty. Guards are changed at 7 a.m. Entry to the airfield is permitted only with a special pass issued by the District SNB station. The guards are required to report all aircraft flying over the field and to detain any plane which lands.
